## Royal Alloy GP 200 LC 2019

Pushing the standard

**£4,299** <sup>+OTR</sup>  
from £90.22 p/m

Top of the Royal Alloy range right now is the GP 200 LC with a liquid cooled engine and metal bodywork. This is as close to a modern vintage touring scooter as you can get. With power to spare it also includes electronic fuel injection, a large fuel tank and a stylish king and queen seat. Safety abounds too with ABS stopping you safely in an emergency and the extra bright dual LED and halogen lighting. If you want to ride with confidence and style, then this is the bike for you. Pushing the standard envelope of performance from a Liquid Cooled, fuel injected engine has never looked so eye catching, ABS gets you to a stop with confidence leaving the drama to the journey you choose to undertake.
